

The infostore is accessible to people who are not used to using the internet as well as people who are visually impaired or have difficulty using the keyboard and mouse.

It is free for anyone to use. You don't have to register or give any personal details to use it, except if you want to receive the email newsletter.

The Infostore has been funded by LinkAge Plus (Department for Work & Pensions) in partnership with Leeds City Council, Leeds Older People's Forum & Leeds Primary Care Trust

The infostore is a new online information store for older people (aged 50+), their carers, relatives and friends, and professionals.

It has details of organisations and services for older people in Leeds about:

- Care and support
- Carers
- Disability
- Health and wellbeing
- Home, neighbourhood and community
- Leisure and learning
- Money
- Rights, advice and advocacy
- Transport
- Work and volunteering

The information store also has lots of leaflets and guides to see and print out, links to hundreds of other useful websites and features regular news items.

Anyone who has access to the internet can use the infostore. You could use it at home, at a relative or friend's house, or at your local library - all Leeds Libraries have free internet access.

There are also 6 Gateway projects where you can use the infostore with staff and volunteers on-hand to help.

Find a Gateway project in your area...

Anyone can use the infostore through the internet.

6 'Gateway' projects across the city, all Neighbourhood Network schemes, are supporting older people to use it.
